Texts start from Line 5. (Font:12 points/ Fully justified)

Report Guidelines

Paper size: A4

For *Promotion of Collaborative and Multidisciplinary Research*, report should be completed in two sheets, and for *other categories* should in one sheet.

Font: Times New Roman or similar

Format: Free style

·   Line 1: Project title (Font:14 points, Bold, Center aligned)

·   Line 3: Name and Affiliation of Principal Investigator (Font 12 points, Right aligned)

·   Texts should start from Line 5. (Font:12 points/ Fully justified)

Line Spaces: Should follow this *Form 5* style. (Approx. 1,000 words/sheet.)

Figures/Tables: Color could be used for figures and tables. Keep in mind they might appear in monochrome on publication.

Contents: Following items for each project type should be mentioned in concise.

·   *Experimental Project*

Objectives, Experimental Methods, Outcomes, Analysis, Publications (papers, presentations, etc.)

·   *Theoretical Project*

Objectives, Structure of Theory, Outcomes, Analysis, Publications (papers, presentations, etc.)

Attached Sheet: Contact list should be attached to the report, in one separate sheet.

Others:

*Name of ICR partner researcher/collaborating researcher could be mentioned in texts not as co-author of the report, if necessary.

*Report for International collaboration research should be completed in English.

*For Promotion of Collaborative and Multidisciplinary Research

If held any meeting or symposium, summary of appropriate subjects should be submitted with a program and a list of participants, which includes each affiliation, division and position. Published abstracts or proceedings should be submitted if available.

*Before submission, check any character/data corruption in format conversion to PDF.

*Report file should be labeled as "project code_ family name of principal investigator".
